

# STRIVING FOR SUCCESS

Hi Friends,  
I am Angelin Mary doing grade 12.

## **First, I would like to share something about my family to you all.**

I come from Thalarkulam which is in Tirunelveli District, Tamil Nadu. My parents are coolie workers. I have two siblings doing 11th and 9th grade. Even though I shined well in my academics and other co-curricular activities, my parents were not able to support me financially due to poverty. I had a fear about my future, when I was at home but by God's grace and with the help of Fr. Jamels I joined LIFT in 2018.

## **Things which I want you to know about me are:**

- I am a good singer.
- I am good in all the stage performance.
- I am one of the top students in my class.
- I care for others always.
- I draw well and am good at drama script writing.
- I am a sincere student.
- I love reading books

## **Let's move on to my future:**

I wish to become a Professor in Mathematics. For that, I will score 550 above out of 600 in my 12th Board Exam.

**I am very confident in myself that I will become a professor because I gain enough training from LIFT. After achieving my aim, I will support my LIFT and people who are in need.**

**All these will be possible only because of your kind hearts. Thank you for taking away my fear about my future by your generosity.**

Thank you for making my life shine. I assure you that, I will make others life shine as you help shine my life today.

Thank You!
